PETER SCAZZERO

Founder and Senior Pastor,
New Life Fellowship Church

Eagles Leadership Conference 2009

- ✓ Peter and his wife, Geri experienced a split in their church. The associate pastor whom they nurtured took away the Latin-speaking congregation.
- ✓ Geri wanted to quit and leave the marriage.
- ✓ Peter did some soul-searching and realized that he was not emotionally healthy.
- ✓ There are leaders in his church who were also emotionally unhealthy even though they seem so spiritual.
- ✓ Peter has been in the forefront of developing emotionally healthy churches.
- ✓ Created an instrument to measure emotional health of the church and framework to work through these issues.
